

CMM Fixture System

MiSTAR 555

Loc-N-Load™ aluminum fixture plates interlock magnetically to remain firmly secured, yet release quickly and easily for the next job. The system installs effortlessly on all CMMs.

The Starter Kit

The Complete Kit

The Works Kit

Choose from 3 Workholding Kit sizes. Kits all contain selections of the Inspection Arsenal® trigger action, low-profile clamps, stops, and hold-downs to enable quick and easy set-ups.
